

No-quibble, life-time guarantee until the toner is spent. Our toners are manufactured to ISO9001 quality assurance standards and are very popular with schools, businesses and private individuals.

Please call for information on matching printers to cartridges, as one cartridge is often applicable to several printers. 30 day credit terms are available to schools, colleges and universities. All items are delivery free and are normally dispatched same day (before 4pm).

The C or R after the price indicates whether the cartridge is compatible or remanufactured. Remanufactured toners are recycled bodies with moving parts replaced with new. Compatibles are like the original and of similar quality. Both types include chips and will drop in and work as expected.

Registered in England 03539534. Lime Tree Farm, Hutts Lane, Grewelthorpe, Ripon, North Yorkshire, HG4 3D
